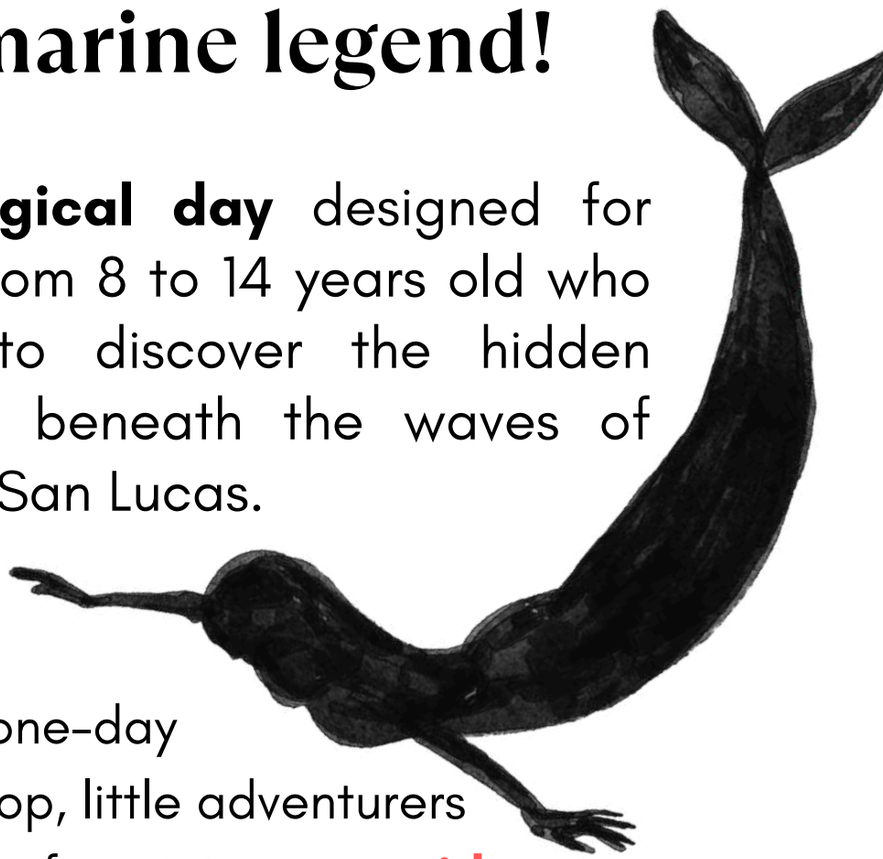
Mermaids

by CaboTrek®

CaboTrek

This summer, let your daughter write her own marine legend!

A **magical day** designed for girls from 8 to 14 years old who wish to discover the hidden charm beneath the waves of Cabo San Lucas.



In this one-day workshop, little adventurers will transform into **mermaids**, learning swimming techniques, breathing exercises, and graceful underwater movements. More than just a course, it is an **immersion into a real life fairy tale,** where we foster confidence, elegance, and respect for the ocean in an environment of pure fantasy and safety.

An unforgettable memory she will carry in her heart for a lifetime!

CaboTrek
