SUMMER
CAMP
by CaboTrek®
2026

Give your children an ocean adventure this summer!

Summer Camp by Cabo Trek is a 5-day workshop for kids from 7 to 12 years old, where they will learn basic snorkeling techniques and discover the marine environment of Cabo San Lucas.

During this experience, they will learn about snorkeling gear and safety rules, basic first aid at sea, and have the opportunity to interact with local marine life.

Additionally, they will be part of a learning environment where they can expand their social circle in a safe space, reinforcing key skills such as discipline and teamwork.

A unique experience they will remember for a lifetime!

GENERAL INFORMATION

Schedule: 9:00 am - 1:00 pm
Duration: 5 days | 4 hours per day
Location: Cabo San Lucas
Meeting Point: Cabo Trek Office
Price: Starting at $4,990 MXN per child*
**Check our packages and discounts on page 7 **
Capacity: 8 children per camp

START DATES

June 29th
July 6th
July 10th
July 27th
August 10th
August 17th

What's included?

- Full snorkeling gear rental: Mask, snorkel, and fins.
- Daily healthy snacks: Fruit, granola bars, juice box, and water.
- Educational materials: Poster boards, crayons/color, virtual presentations, etc.
- Boat trip.
- Experienced guides: Biologists and PADI Professionals.
- Pier and Marine Park entrance fees.
- Certificate of Participation.

What should my child bring?

Backpack with:

- Towel.
- Sunscreen (preferably biodegradable).
- Swimsuit.
- Change of clothes.
- Sandals or water shoes.

We recommend bringing a small backpack.

As a final product, they will take home an *Official Workshop Journal* containing everything created during the activities, photos, and their *Certificate of Participation.*

ACTIVITY SCHEDULE

Each session is divided into three parts:

1. Theoretical introduction (1 hour)
2. Field outing (2 hours)
3. Closing activity (1 hour)

Each session includes the following activities:

DAY 1
Empacadora Beach

- Presentation of camp objectives and the staff in charge.
- Creating a checklist for a snorkeling trip.
- Learning about the gear components, their proper use, and snorkeling safety rules.

DAY 2
Empacadora Beach

- Acquiring basic first aid knowledge.
- Creating a first aid kit.
- Emergency simulation during a snorkeling activity.

DAY 3
Empacadora Beach

- Strengthening skills and concepts covered in previous sessions.
- Identifying key features in a new snorkeling spot: swell/waves, water entry points, type of seabed, etc.
- Awareness regarding cleaning and caring for our environment.

DAY 4
Boat Trip

- Familiarizing with the main components of a vessel and the crew's responsibilities on board.
- Exploring and classifying the fish species observed while snorkeling.
- Listing the steps to take for eco-friendly snorkeling.

DAY 5
Boat Trip

- Exploring the marine biodiversity of Pelican Rock.
- Presentation of certificates and the official workshop journal.
- Closing celebration with parents.

BENEFITS OF ATTENDING OUR 2026 SUMMER CAMP!

At **Cabo Trek,** we are recognized for our impeccable track record in responsible water tours and expeditions, as well as our **deep commitment to environmental conservation**. Because of this, our **Summer Camp** offers multiple physical, emotional, and cognitive benefits for children.
We believe that introducing children to the ocean in a **respectful and educational** way not only provides them with fun but also **plants a lifelong seed of love for nature.**

Our Summer Camp promotes:

- Interaction with nature
- Learning through games
- Physical activity
- Gaining new life experiences
- Leadership and teamwork
- A healthy, screen-free environment
- Building new friendships
- Independence
- Development of social and communication skills
- Creativity and exploration
- Self-esteem and confidence
- Confronting and overcoming fears
- A sense of belonging

Environmental Awareness and Love for Nature

At our Summer Camp, we foster a respectful connection with the ocean, where children understand the responsibility of caring for the marine environment, which includes:

- Collecting trash and debris from beaches and the sea.
- Respecting marine flora and fauna without disturbing them.
- Learning about endangered species and the importance of their conservation.
- Participating in and encouraging community cleanup actions.

We want children to understand that taking care of the ocean is also taking care of themselves and future generations.

OUR ADVENTURE TEAM

Philipp Moser

CEO, PADI & First Aid Instructor with 25 years of maritime experience. NOM-09 Certified Guide, blending safety and expertise to deliver responsible and memorable marine adventures.

Donna Schechter

Freediving (AIDA/PADI), Scuba & First Aid Instructor with extensive experience in children's camps. Specialist in underwater safety, sharing her passion for the sea in an educational and fun environment.

Carlos Pérez

Biology Professional, NOM-09 Certified, AIDA 3 Freediver, and Scuba Diver with 12 years in youth programs. Expert in safety and education, connecting kids with the natural world.

Maria Pia Ceccarelli

Marine Biologist, PADI Dive Master & Freediver specialized in Child Psychology. Summer Camp Coordinator and photographer, dedicated to youth development in the marine environment.

Julieta Moser

PADI Freediver and expert in aquatic dynamics, with experience leading our Summer Camp. She organizes recreational activities focused on creating an environment of trust and fun for children.

Valeria Ontiveros

Bachelor in Alternative Tourism, Rescue Diver, and PADI Freediver with experience guiding our Summer Camp 2025. She combines safety and environmental education, fostering a love for marine life.

Adriana Ballena

Marine Biologist and PADI Instructor specializing in Nitrox, Project AWARE, and Coral Reef Conservation. Nature photographer dedicated to guiding educational and authentic experiences inspired by scientific rigor.

Make a difference this summer!

Thanks to our collaboration with the NGO 'Dar para Recibir,' we are opening spots this year for children from this community center to join the Summer Camp experience. If you would like to sponsor a scholarship or make a voluntary donation to this program, we are at your disposal to provide you with all the details.

Your support ensures that marine education knows no limits!
